Resolutely functional and equipped with a pleasant living space, with beautiful volumes, Ghimar can accommodate 6 people per night (in addition to the crew) and up to 14 people per day to meet all your desires: discovery tour, corporate seminar, business meeting, cruise with family or friends.

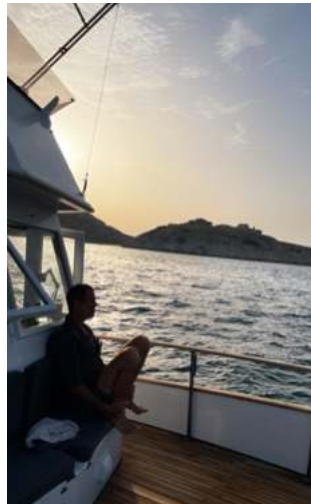

Departing from Marseille (its home port) or from any port of the Mediterranean, take place on board an exceptional boat... Its noble wooden fittings, its comfort, its autonomy and its quiet navigation make Ghimar your ideal partner for unforgettable cruises with your relatives, your clients or your team.
